

The Baltic States

4th – 27th July 2021

Estonia, Lithuania and Latvia

Positioned in the north east corner of Europe the Baltic States provide one destination with 3 countries, each having a unique culture and varied cuisine/ history. See them now before they are changed forever, and whilst travelling at a time of year to enjoy the 10:30pm summer sunsets that occur being this far north.

All three Baltic capitals of Vilnius, Tallinn and Riga are included in the tour and we have English speaking guides arranged in each to ensure you miss none of the major sights. Outside of the main cities the States remain very rural with little traffic making for a relaxed driving experience. Crossing each country, you will see evidence of the Soviet occupation that lasted until 1991 when the States took their independence through the 'Singing Revolution'.

Throughout the second half of the tour we travel along the Baltics Amber Coast, including a stay on the sea's second largest island of Saaremaa, famed for its locally produced food and beers. Throughout the tour we have many group meals included, so trying local produce will not be a problem. Also try not to leave the Baltic States without taking home at least one small piece of Amber.

'We learnt so much about these three emerging countries and all the meals were excellent. One of the most enjoyable tours we have done.' **Tom & Eileen – Baltic States – June/July 2019**

'Thank you for an excellent tour. We have learnt so much about the history and culture of the Baltic States. The excursions were amazing.' **Sue & John Small – Baltic States – June/July 2019**

This tour can also be proceeded by and combined with the Poland Tour to give a total holiday of 44 nights.
