

## Cyprus and More

**20<sup>th</sup> September to 8<sup>th</sup> November 2022**

### ***Modern History, Captivating Coastlines and Sunny Weather***

*Cyprus is a land with a recent history; since 1974 it has been a divided island, split between North and South. Travelling in the North can feel like time has stood still, whereas the South an EU member, is very different. Our tour visits both sides to give you a complete experience of the island, something that has only recently been possible with the opening of the border for crossing with your own vehicle. Being the eastern most island in the Mediterranean, Cyprus enjoys a near perfect autumn climate; throughout October and well into November little rain is experienced and temperatures remain in the high 20's.*

*For this tour Cyprus is just one half of the adventure. To make our way to the island we explore the fascinating north west Black Sea coast and central area of Turkey. Rich in natural scenery and local history the Black Sea is followed from Istanbul to Sinop. From Sinop we turn directly south to pass through the Hattusa and Cappadocia central regions to arrive on Turkey's south coast from where we cross to Cyprus.*

*Throughout this tour you will get to stay in many great places, far from the UK and seldom (if ever) reached by other UK motorhomers. However, great campsite facilities will not be a feature. This tour is for the adventurous and will be best enjoyed by those with an open mind to camping and who are comfortable with using their motorhome's own facilities, including camping without an electric hook-up at all times. During the tour adequate arrangements are in place for access to water/waste facilities and LPG is available throughout both Turkey & Cyprus. Driving in places requires a confident approach.*

*Get ready for taking yourself and your motorhome on a truly memorable journey.*

Then you may choose to return to your motorhome by coach or join the Tour Directors for a two-hour walk back to town.

We return to the Black Sea and the picturesque coastal town of Amasra where we park overnight at the harbour-side. This is an ideal location for exploring the town and in the evening there is a group meal in a local restaurant. **55 miles**

### **Day 12 & 13 – Sunday 2 October**

We leave Amasra to begin the two-day journey to Sinop, a popular holiday resort previously renowned for its tough prison which is now a museum. In total the journey takes about 8 hours, driving along a road that hugs the coast and passes through many mountain and coastal villages. The journey has been split over 2 days to allow plenty of time for stops. We stay overnight parked near the sea in a tiny coastal village. The next day we complete the journey to Sinop where we stay for 3 nights at a beachside campsite. **200 miles over two days**

#### Day 14

We visit Sinop including its infamous prison, now a museum. Group lunch in local restaurant.

#### Day 15

A free day. The campsite has a washing machine and the beach is close by. There are also pleasant walks locally.

#### Day 16

We leave Sinop heading directly south to the UNESCO protected Hittite sites of Hattusa and Yazılıkaya. Stay at a good campsite linked to a pleasant hotel. **240 miles**

#### Day 17

We start the day with breakfast in the hotel. This is followed by a tour of the archaeological site of Hattusa, capital of the Hittite Empire in the late Bronze Age. The ruins are notable for the remains of temples, royal residences and fortifications and for the rich ornamentation of the Lion's Gate and Royal Gate. In its time this Empire stretched from modern-day Syria, across Anatolia and into Europe.

Continuing south we reach the geographic wonderland of Cappadocia. **110 miles**

#### Day 19

Today we visit some of the cave dwellings Cappadocia is partly famous for.

#### Day 20 – Sunday 9 October

Even more famous in Cappadocia is the natural Disney like 'fairy chimney' landscape and the best way to see this is from the air. This morning we offer an optional (payable locally) hot-air balloon experience where we start by seeing the balloons being prepared for take-off followed by a flight time of around 1 hour.

#### Day 21

A free day. Relax or take in the popular 'Rose Valley' walk that starts from right outside our campsite.
