

## Greece - The Northern Highlights

### 30<sup>th</sup> April – 13<sup>th</sup> May 2027

#### ***Microclimates, Islands and not to be missed sights***

*Continuing from 'Greece – The Peloponnese' this tour takes in the other half of the country and extends your holiday for a further 14 days.*

*We mix stays on the coast of the Pelion Peninsular and the charming island of Corfu with time inland. During our stay at Meteroa we have a guided tour of this wonderful area where the Greeks famously built their Monasteries precariously perched atop the local rock formations, a sight not to be missed.*

*In Ioannina we see Greece's city of mixed traditions, from its well preserved Turkish quarter and ancient silver production through to its Lake Island and modern restaurants.*

*Then in Corfu we take an island tour including a visit to 'Mon Repos' villa, birth place of Prince Philip and the picturesquely rugged resort of Paleokastritsa.*
